

Email Support@data-maxx.net for the link to the Android Software

A screenshot of the "LABOR" screen in the DataMaxxMobile app. The status bar shows 3:39 PM. The title bar reads "DataMaxxMobile". The screen is titled "LABOR" and "PunchType". Below the title, there is a dropdown menu for "In" with a downward arrow. To the right of this menu is a pink callout box with the text: "Press the arrow for drop down choices or LONG press (hold finger on longer) to bring up scanner utility". Below the dropdown menu are four text input fields labeled "Employee", "Department", "Job", and "Tasks". Each of these fields has a small downward arrow icon to its right. At the bottom of the screen are two buttons: "Save" and "Cancel". A hand cursor with a yellow starburst is pointing at the downward arrow icon next to the "Employee" field.
